# The cathedral Notre Dame Cathedral

Built in the 13<sup>th</sup> century, Notre-Dame cathedral displays a remarkable unity of style. The harmony of its proportions, the purity of its lines and the abundance of its statuary make it one of the finest examples of Gothic art. It is the largest Gothic building ever constructed.

## AMIENS ON THE WATER

In a boat, a kayak, on foot or by bike, alone or with friends, on the canals of the Somme or in the labyrinth of the Hortillonnages, charming floating gardens, Amiens can be discovered naturally by water.

From May to October, the International Garden Festival reinterprets this mosaic of islands: at the helm, little mosses and big freshwater sailors will come ashore to find plastic and landscape creations, in a life-size artistic treasure hunt.
